## FLY OUT – GOING DUTCH - JULY 7TH-9TH 2015 - DETAILS & SCHEDULE

This upcoming fly-out of UPL-AOPA brings us to the Netherlands. On **Friday morning July 10<sup>th</sup>**, you'll fly 216 NM to the island of Texel at the Dutch coast, where you'll check in at your hotel

Sweeping white-sand beaches, wildlife-rich nature reserves, sun-dappled forests and quaint villages are among the highlights of Texel, the largest and most visited of the Wadden Islands. About 3km north of the coast of Noord-Holland, Texel (pronounced "tes-sel") is 25km long and 9km wide. You can either enjoy a relaxing day at the beach or discover the island per (electrical) bike

On **Saturday morning July 11<sup>th</sup>** after breakfast, you are flying 90 NM to the newly re-opened airfield nearby Enschede airport (Twente), where the Dutch AOPA organizes an international Fly-In.

Because the event is also promoted by AOPA in Belgium, the United Kingdom, France and Germany, it promises to be an international pilots gathering actively supported with host Enschede Airport Twente, will provide a full-fledged program for young and old.

There is a wide variety of delicious food and drinks from local suppliers; there are very interesting and entertaining seminars to attend; there will be various stands of interesting aviation companies, such as aircraft brands, maintenance and training.(seminars about Mobile flite deck, short field landing, etc....)

You'll end the day with a luxurious barbecue where the Dutch AOPA and the Enschede/Twente airport promised to take special care of you and your family!

UPL- AOPA Members have free access and do not have to pay a landing fee (you have to bring your UPL-AOPA membership card with you however)

The more courageous can jump into the nightlife of Enschede with plenty of bars in the city

On **Sunday morning July 12<sup>th</sup>**, you'll take it very easy and will be flying out to Genk-Zwartberg in Limburg, Belgium (91NM) where we'll enjoy a relaxing lunch on this vivid airfield where there's always something going on. From there, we'll have a short flight to Luxembourg (78NM)
